

BlueMax™
LIMFRITT AKUTPLÅSTER

LTX

Product description

BlueMax and LTX are glue-free emergency plasters that have been on the market for over 10 years. The plaster sticks to itself, stops blood flow, withstands wet environments, does not stick in wounds, burns or in hair.

- ✔ Can be used on finger, arms, legs and anywhere it can be wrapped around.
- ✔ Good comfort gives the opportunity to return to all chores immediately.
- ✔ Stops the blood flow quickly and works great as a pressure bandage.
